

VANSH SEHGAL

BUSINESS OPERATIONS & ANALYST

Delhi, India | +91 9958575537 | sehgalvansh716@gmail.com

PROFESSIONAL SUMMARY

Results-driven Business Administration (BBA) professional combining technical proficiency in data analytics and automation with advanced training in high-impact customer service and flight hospitality. Holds a government-accredited (NSDC) Grade A certification in data operations alongside practical corporate data analytics simulation experience with Deloitte. Highly adaptable candidate possessing strong analytical thinking, a 40 WPM typing speed, and cross-domain expertise uniquely suited for Business Operations, Executive Administration, Client Relations, or Data Analyst roles.

TECHNICAL & CORE SKILLS

- **Data Analytics:** SQL, Tableau, Excel/Google Sheets, R Programming (Foundations)
- **Data Operations:** High-Accuracy Data Entry (40 WPM), Relational Databases, Digital Records Management
- **AI & Productivity:** Prompt Engineering (ChatGPT/Gemini), Workflow Automation, Office Digitization
- **Office Suites:** MS Word, MS Excel, MS PowerPoint, PDF Conversion & Documentation
- **Languages:** English (Fluent), Hindi (Native)

PROFESSIONAL EXPERIENCE

Deloitte (via Forage) | *Data Analytics Job Simulation* (June 2026)

- Completed a rigorous corporate simulation executing practical tasks modeled after real-world tech consulting projects at Deloitte.
- Gained hands-on exposure to corporate data analysis and forensic technology workflows to solve complex operational challenges.

Google • Coursera | *Data Analytics Trainee* (April 2026 - Present)

- Mastering core database query syntax in SQL, spreadsheet modeling, Tableau visualizations, and introductory R programming for end-to-end data manipulation.
- Developing data-driven decision-making capabilities by analyzing real-world datasets and translating findings into structured, actionable business recommendations.

Google • Coursera | *AI & Automation Trainee (AI Essentials Professional)* (April 2026 - June 2026)

- Advanced practical AI integration capabilities through hands-on prompt engineering exercises, applying generative AI tools to automate documentation and productivity workflows.
- Designed automated workflow templates to reduce manual operational overhead and optimize task-execution speed.

Frankfinn Institute of Air Hostess Training | *Hospitality, Travels & Customer Service Trainee* (August 2023 - January 2025)

- Developed professional-grade customer service and client communication skills through intensive 1-year training across airline operations, travel booking, and conflict resolution systems.
- Strengthened cross-cultural relationship management and service standards through live role-play conflict resolution and passenger service recovery simulations.

Prayas Juvenile Aid Centre Society | *Domestic Data Entry Operator (Grade A)* | *Skill India* • NSDC (April 2023 - October 2023)

- Achieved Grade A—the top performance tier—in a government-accredited 6-month data entry program focused on high-volume digital record management.
- Attained a certified 40 WPM typing speed with high accuracy, executing structured records processing, keyboard operations, and spreadsheet layout formatting.
